

## 185-1.5 | Lopper

The 185-1.5 heavy duty long reach loppers – a powerhouse of high-quality Japanese craftsmanship, designed for powerful and efficient pruning. The lightweight aluminum handle has a fixed length of 150 cm, providing optimal control and reach. The blade is made of hardened, chrome-plated steel, ensuring exceptional strength and rust resistance. Thanks to the robust lever mechanism, branches up to 45 mm thick can be cut effortlessly. A rubber shock absorber reduces impact on arms and wrists, allowing for comfortable operation. Various replacement parts are available to ensure a long lifespan. The shear is easy to disassemble for maintenance, making it a reliable choice for intensive and professional use.

### SKU:

ARS185-1.5

### Weight:

1550 gram

### Length:

1500 mm

### EAN code:

4965280683700
